

Ac Condenser Coil

PRODUCT DETAILS:

Material	Copper
Fin Material	Copper
Tube Thickness	0.3mm to 0.8mm based on application
Pipe Material	Copper
Country of Origin	Made in India
Frequency	60 Hz
Usage/Application	AC

- Designed for industrial heat rejection applications
- Ensures efficient condensation and high heat transfer
- Suitable for HVAC and refrigeration systems
- Durable, corrosion-resistant construction
- Available in customized specifications
